

## Parayhouse Weekly Newsletter

1/2/19

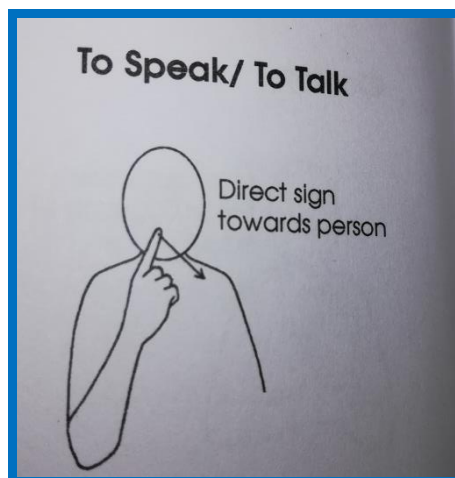

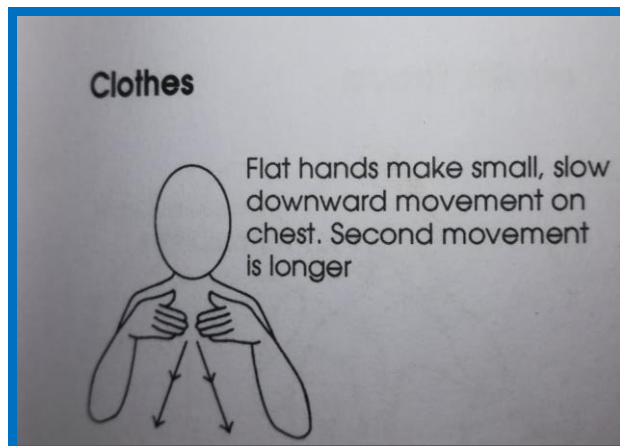

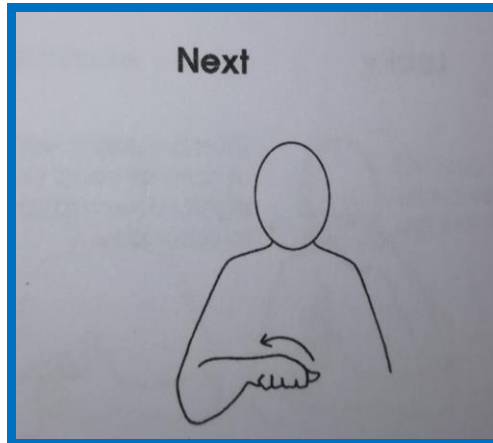

- ❖ PLEASE NOTE that if your child has a contagious bug or virus we politely request that you consider keeping them at home until they improve. We have a large number of students with medical conditions and weakened immune systems which put them at particular risk from these illnesses and would like to keep all children as safe and healthy as possible. In general, it is recommended that any student with diarrhoea and/or **vomiting** symptoms must stay away from the **school** until they have been free of symptoms for **48 hours** and feel well.
- ❖ GOODBYE: Today we say a sad goodbye to Miss M Taylor. We wish her all the best for the future and hope she will not be a stranger.
- ❖ REQUEST: Miss Bristow would like to request that families share with her any websites they find useful for their children – this may be for information finding/sharing, local events and activities, learning, healthcare etc. Please email direct to [h.bristow@parayhouse.com](mailto:h.bristow@parayhouse.com)
