## PE & Sport Funding Statement - 2016-2017

### Funding for Primary School PE and Sports

The government is providing an extra £150 million of annual funding with the aim to improve the Physical Education (PE) and Sports programs offered by primary schools, and is provided jointly by various governmental departments, including Education, Health and Culture, and Media and Sport.

Parayhouse School PE and Sport Funding Allocation for 2016 – 2017 was **£6,000**

Parayhouse School targets the funding on further improving the quality and breadth of our PE and sport provision. We support any student or groups of students who are vulnerable or who are identified as a priority by the school and would benefit from further increased physical and mental activity.

The aim is to ensure that all pupils develop healthy lifestyles and reach the performance levels that they are capable of. The funding is often supplemented & any unspent balances have also been used, to achieve these aims in 2016/17.
