

Parayhouse School- Criteria for Outstanding/Good and Requiring Improvement in regards to Pupil Progress

To self-evaluate the progress, judgements and effectiveness of our assessment systems, we at Parayhouse School have devised our own criteria for grading pupil progress. This was devised to help us be reflective, open and clear in our approach to both pupil progress and the methods upon which we collect and measure it.

The following criteria enables us to make a self-evaluative judgement on our pupils' progress (0% of which are age appropriate) and is continually revised in order to ensure we continue to set high standards for our students and ourselves. This document was informed by

- materials relating to Ofsted expectations
- researching other Special Need Schools' approach to assessment
- changes in the national landscape, such as abolition of levels, moving on from progression guidance and the Rochford Review

	Outstanding	Good	Requiring Improvement
Pupil/s are set challenging goals (including progress towards or exceeding)	1) Pupils' targets are of a high standard, improving upon previous performance.	1) Pupil targets are of a good standard, keeping pace with previous performance.	1) Pupils' targets require adjusting, as they consistently fail to meet them.
Pupils make high levels of progress towards their targets both short term and long term	2) Pupils consistently meet or exceed targets. (80% and >).	2) Pupils consistently meet targets.	2) Pupils do not meet targets consistently.
Pupils are moderated consistently throughout the year	1) 80% of students are moderated by staff. This includes 2 instances of external moderation throughout the year.	1) 80% of students are moderated by staff. This includes 1 instance of external moderation throughout the year.	1) Less than 79% of students are moderated by staff. This includes no external moderation.
Assessment draws upon a range of evidence	2) Moderation shows a wide range of student evidence as appropriate.	2) Moderation shows a range of student evidence as appropriate.	2) Evidence shows singular sources of student evidence as appropriate.
Disadvantaged pupil groups are monitored and progress is equal or above of their peers	1) All groups (eg., Pupil Premium, Gender) are within 2% of whole school achievement or have exceeded it.	1) All groups equal progress of their peers, with limited evidence of interventions present to boost attainment throughout the year.	1) All or specific groups are not equal, showing discrepancy between progress and no interventions present to boost attainment.
Gradings	2 or more Outstanding Grades (plus 1 Good) = Outstanding 2 or more Good Grades (plus either 1 Outstanding or 1 RI) = Good 1 or less Good Grades = RI
