

This year we continue to support the development of OT skills and develop our range of resources so both our more able students and more complex students can access a range of activities that are tailored to their needs. Our recovery curriculum after another unsettled year due to the pandemic meant we could offer students more activities that they enjoyed which helped both their physical and mental well-being. Yoga lessons also provided some benefits for student well-being as well as improving students' movement, strength and Coordination.

Sports premium 2020-2021- Allocated £16,000 from DFE £16,000 + c/f £6,486 = £22,486			
Item	intent	Impact	Cost/allocation
OT assistant Contribution to salary	To support physical movement and sensory integration and to work on motor skills.	Students received regular sensory circuits, sessions which helped them to regulate their systems and increased their strength and mobility.	£5,968
Sensory OT items	To purchase more sensory equipment such as body rollers, body boards and balance boards.	Helped the OT team and staff to help increase student coordination, gross and fine motor skills and core strength.	£1,236
Gym	To purchase weights, playground equipment, football equipment.	Helped to increase the P.E curriculum offering and more opportunity to provide more age appropriate activities for our well-being afternoons which impacted on mental health and physical strength.	£2,020
Yoga lessons	Hire a yoga teacher with SEN experience to deliver yoga lessons to each class in the school.	Teachers report that students are more regulated and ready for learning after their yoga sessions.	£5, 280
Gym mats	Purchase a set of gym mats and equipment to use in P.E and yoga lessons and for Friday wellbeing clubs.	Students safety is improved during well-being clubs and P.E sessions.	£130
Sensory integration training	To contribute to OT sensory integration training costs, which will run over two years.	OT has reported that they have started to implement strategies that they have learnt about in the first year of training.	£1,798
			£11,334 Cf- £6,054
